

## **Babes In Disneyland Stroller Sign Instructions**

- 1. Print your desired sign(s) onto cardstock. Be sure to enter which page(s) you want to print so that you don't print all of them!**
- 2. Write your child's last name in the space provided.**
- 3. Use a hole-punch to punch holes in the top two corners of the sign.**
- 4. Affix the sign to the handles or frame of your stroller using yarn or twine. If you will be affixing the sign to the fabric of your stroller, use large, heavy safety pins. Depending upon your stroller, you may want to pin it at the bottom of the sign, as well.**

**If you will be using your sign more than one day, you may want to consider laminating it or printing multiples.**
